WORK RELATED INJURIES: All employees must practice safe working habits, whether on the vehicle or in the yard. All work-related injuries must be reported to your Supervisor immediately. Each injury will be investigated for the cause so we can provide a safe working environment for all employees. If medical attention is needed, we can provide options for first aid treatment. For serious injuries, 911 will be contacted. You will be asked to complete an Incident Report with your Supervisor just like you do for any accident or incident.
