School Bus Pick Schedule – August 2025

As we prepare for the new school year, please take note of the scheduled pick dates and locations for school bus assignments. You will find specific pick times and seniority list on My Parking Space on Saturday, August 16th. Please arrive on time and bring any necessary documentation. If you have questions or need assistance, reach out to your supervisor. Let's make this school year a safe and successful one!

Where to Find SAC Cards [Safety Action Cards]: Employees can access SAC cards two ways, physical cards as well as digitally.

- Physical SAC cards are located in the driver's room at each Center
- Digital SAC cards can be found on My Parking Space app on your mobile device
 - Click on "Notifications"
 - Scroll to the bottom and select the "S.A.C."
 - Fill out the form to report any safety concerns or hazards

Your feedback is essential to maintaining a safe environment for everyone. If you see something, say something and use the SAC card to let us know.

Kindness & Respect: Our Everyday Values: At Suffolk Transportation Service and Suffolk Bus Corp., kindness and respect are essential to how we work and interact both in the office and in our communities. In the workplace, this means listening actively, speaking thoughtfully, and recognizing each other's contributions. A respectful environment helps everyone feel valued and supported. Beyond work, how we treat others reflects our shared values. Whether online or in person, let's lead with empathy and courtesy. Maintaining a culture of kindness is a shared responsibility. Together, we can continue building a workplace where respect is the norm and kindness is the expectation.

New AI Safety Technology! A new safety enhancement is being added to our school bus fleet: an advanced accident-avoidance AI camera system designed with our drivers in mind. This cutting-edge technology delivers real-time alerts to help you stay aware of hidden road risks and reinforces safe driving habits through instant feedback. What makes it even better? The system recognizes and rewards your safe performance offering positive reinforcement and performance-based incentives. Stay tuned for more details in the coming weeks. We're proud to roll out this innovation together and continue putting safety first!
