Cathy Acevedo, A Driver Who Makes a Difference. We would like to take a moment to recognize and share a heartfelt message of appreciation from a Mary G. Clarkson School family, highlighting the exceptional care, dedication, and positive impact Ms. Cathy, Large Bus Driver, has made on the students she safely transports each day. "I am writing to say how truly happy and grateful we are for Ms. Cathy. I have known her since my daughter was in kindergarten, and she is now in fifth grade. My daughter had her from kindergarten through second grade, and now my son, who is currently in second grade, still has her as his bus driver. It has been such a privilege. Ms. Cathy is not just a bus driver. She is kind, caring, patient, and always smiling. She takes good care of the children and makes sure they are safe every day. She even gives them little gifts on special occasions, which shows how much she truly cares. My children love her so much, and as a parent, I have complete peace knowing they are with her. We are super happy with her and very thankful for everything she does. She truly deserves recognition for her service and the love she shows to all the children. With sincere thanks, *-Parent of Bay Shore Students*"
